THE GREAT PYRAMID

By
THE SUPREME VOICE
(Dr. M. Doreal)
(Part One)

The Great Pyramid of Gizeh was 481 feet high, the four sides measuring 755 feet, 8 inches, with an angle or slope of 51 degrees. Some of the stones weigh sixteen tons. The outer casing of limestone was torn off only five hundred years ago.

Khufu was supposed to have been the builder, but there is no proof of this. The only evidence that it was intended for a tomb is the Sarcophagus in the King's Chamber.

The entrance to the Chamber is on the north side, from which a sloping passage descends, partly through the masonry and partly through the rock, to an underground Chamber. This passage offers a clear view of the northern sky, which gave rise to the belief that the Great Pyramid was used for astronomical observations.

The underground Chamber was unfin-

ished; showing the unfinished work that we must return to do on the earth plane.

About 63 feet from the entrance, another passage leads upward in the mass of the Pyramid and at the junction of the ascending and descending passage is the end of the plunderers tunnel. This was dug by the Khalif Mamoun, a medieval Ruler of Egypt, in search of treasure.

To prevent access into the upper Chambers, the ascending passage was plugged with solid blocks of granite which formed an impenetrable barrier. However, in this, was a secret door; the secret of which was known only to the Pyramid Priests.

The ascending passage increases suddenly in width and becomes the Grand Gallery. The stone floor has a ramp on each side and the center portion is scored across with deep horizontal grooves. The Grand Gallery ends in a short horizontal passage, which leads through an antechamber into the King's Chamber.

The reason for making this Chamber is unknown; it encloses a Sarcophagus, but the actual burying place was sup-

posed to be below the ground. It does not stand in the middle of the Pyramid; it is not in line with the diagonals, and it is not vertically under the apex. Its position was purposely designed, but the reason for the symmetry is not known.

The Sarcophagus, carved from a solid block of granite, is seven feet, six inches long, three feet, three inches wide, and three feet, four inches high. It has been cut to hold a lid but the lid is gone. When struck, the Sarcophagus gives a clear bell-like note.

Vertically in line above the King's Chamber are five little Chambers; in the two uppermost of the five Chambers, the two names of Khufu are written in red paint. These are the only inscription found on, or in the Pyramid.

Where the ascending passage enters the Grand Gallery, a horizontal passage leads southward to the Queen's Chamber. This is unfinished in part.

The names of the two principle Chambers were given by the Arabs in modern times, because of their likeness to the burial niches of the Moslems. From both Chambers, airshafts lead to

the surface. At the junction of the ascending and horizontal passage a well-shaft was sunk down to the descending passage near the underground Chamber.

THE OCCULT SIGNIFICANCE OF THE GREAT PYRAMID

The Great Pyramid, sometimes alluded to as the mystery in stone, is not a mystery to the great occultists.

The Great Pyramid was constructed by the Atlanteans, not by an Egyptian King. It was never at any time used as a tomb. There have been many books written, using mathematics as their basis, trying to prove from the measurements that it foretells many interesting things, that is, if these calculations themselves had any foundation in fact.

Some writers say that the Great Pyramid is the Book of the Dead in Stone.

The Brotherhood Newsletter

Dear Students and Friends:

Dr. Iris Rawls had charge of the Sunday evening Service. She spoke on "The Origin of Evil". She quoted directly from Dr. Doreal in saying, "That evil originated when man allowed the Divine Light within him to be separated from God. The distance which exists between us individually and that of the Divine Light in all mankind represents the selfishness we possess. The farther we are from loving all men and doing unto them as we would like to be done by, the farther we are separated from men and out of accord with the Harmony and Light of the Cosmos. When we think evil against another we are causing a greater separation to exist and consequently more darkness enshrouds our soul.... It is through our condemnation of evil upon another that we give greater power to the forces of evil."

In this time of year when our hearts are full of gift-giving and when we are singing praises to the birth of the Christ Child, it seems we are closer to the Divine Oneness of God and to the attainment of Brotherhood for all mankind. Let us resolve to keep the Christmas Spirit alive throughout the entire year.

Again we wish to express our appreciation to the many students who are sending Christmas Cards, love offerings and gifts to the Brotherhood. We especially appreciate the love offerings which come with this message, "Use this token of my love to spread the word of Truth unto the world." Thank you.

We extend congratulations and best wishes to Dr. Fred Jones and Mrs. Edith Ballinger, who were married December 18. They are both Brotherhood members, living in Shamballa. Dr. Fred Jones has been with the Brotherhood many, many years and has lent a helping hand to many people in this Community. Mrs. Edith Ballinger Jones is newer in the Brotherhood work but is a sincere and dedicated student.

Dr. Cecil Buche, one of our Staff Members, is visiting relatives in Vancouver, Washington. We are sure she will extend Greetings to all of our B.W.T. Members in the Portland area from us here in Shamballa.

Again we wish to say there will be no Temple Services during the week of December 24 through December 31, 1972.

Happy Holidays to one and all.

In Cosmic Harmony,

Dr. W. Whitby

The Miracle Of Christmas

Not Herod in his palace,

Not mighty men or strong,

But simple shepherds keeping watch

First heard the angels' song.

Their names are not remembered,

Who knows their lives or ways?

We only know that heavenly hosts

Sang them their songs of praise.

The miracle of Christmas

Had its beginning when

God sent His greatest message

To ordinary men.

---MARTHA SMOCK

ARTICLE 8: We believe that each of us is a child, or Son of God, the Divine Light. For did not Jesus say, "I am in the Father, the Father in me, and ye in me."

ARTICLE 9: We believe that the physical body is the temple of God, and will endeavor to make it a perfect channel for the illuminated soul to manifest through.

ARTICLE 10: We believe in the three-fold development of body, mind and soul, each balancing the other in perfect harmony.

ASTRO CHEMICAL ANALYSIS

By DR. M. DOREAL

This very scientific book gives the Astro-Chemical Analysis of the twelve different chemical types according to their Astrological signs. Through chemical and spectroscopic analysis, twenty-two elements are distinguishable in the human body. One hundred persons born under each sign of the Zodiac were examined in the formulation of this analysis. The Astro-Chemical Analysis is combined with a knowledge of bio-chemistry and endocrinology and definite analysis of the type.
